Sprint 1 Retrospective

What went well: ● Inner group communication ● Good organization of tasks and what needs to be done ● Good job at dividing tasks amongst eachother	**What went poorly:** ● Large group Communication with the other groups ● Lack of testing
New ideas: ● An intra-team meeting is mandatory for better planning. ● Push for at least 1 full group meeting per sprint.	**What actions we will take:** ● Meet with the other groups to better define the projects scope ● Setup a recurring full group meeting
